**Re: State Implementation Plan Revision – Withdrawal of Env-A 2800 —
Sand and Gravel Sources, and Cement and Concrete Sources**

Dear Administrator Spalding:

By letter dated January 28, 2005, the New Hampshire Department of Environmental Services (DES) submitted a request for approval of revisions to the New Hampshire State Implementation Plan (SIP). Included in that request were revisions to New Hampshire Code of Administrative Rules Env-A 2800, *Sand and Gravel Sources, and Cement and Concrete Sources*. By letter dated March 31, 2011, DES submitted an updated version of this rule as a SIP revision. Pursuant to my authority as delegated by Governor Margaret Wood Hassan, I am withdrawing the revisions of Env-A 2800 that were submitted on January 28, 2005, as they have been superseded by the 2011 submission.

Thank you for your attention to this matter, and please contact Barbara Hoffman of my staff at (603) 271-7874 if you have any questions.

Sincerely,

Craig A. Wright
Director
Air Resources Division
